

## Declaration on the Implementation of the EU Directives RoHS and WEEE

Declaration of Conformity with the Following Directives

### **WEEE - Waste Electrical and Electronic Equipment**

This Directive 2012/19/EU, (previously: 2002/96/EC) serves the purpose of

- Elimination of waste electrical and electronic equipment
- Reduction of waste quantities through re-utilization and collection-/recycling quotas

The products affected are mostly **movable** products for the private end-user: domestic appliances, electrical and electronic tools, games and recreational equipment and in part medical equipment.

The *HAEHNE* Elektronische Messgeräte Company as manufacturer of Force Measurement Sensors and Strain Gauge Amplifiers and Controllers for **fixed** installations of machinery is therefore currently not affected by this Directives. However the company makes every effort to meet the environmental aims of this directives as much as possible.

### **RoHS -Restriction of the Use of Certain Hazardous Substances -**

This Directive 2011/65 EU (previously: 2002/95/EC) serves the purpose of reducing the content of hazardous substances in electrical and electronic equipment.

All products that could be converted to less hazardous substances have been converted.
